Gentlemen:

In response to your advertisement in the "Numismatist"  
I am herewith enclosing a check for \$6.50 for two copies of your  
Adams-Woodin, "U.S. Pattern, Trial and Experimental Pieces", the  
prompt receipt of which I would very much appreciate.

I should like to know just how the Miller-Ryder book  
is bound, whether in board or paper covers?

Respectfully yours,

Chicago, Ill.

Dear Sir:

Thank you for your order of the 1st; the books went forward to you yesterday.

Regarding the Miller-Ryder book, this is bound in heavy paper covers. We should be glad to have it bound for you here, but as I presume that you can have it done just as conveniently in Chicago, you will probably want it as issued. We should be glad to have your order.

Very truly yours,

Secretary.
